

British Nuclear Cardiology Society

Nuclear Cardiology: Core Curriculum

Venue: Keble College, Oxford OX1 3PG

Date and time: Wednesday 25th March 2020 09:00 – 17:00

Cost: £100, including refreshments and lunch

Registration: bsci.org.uk

Course organisers: Andrew Kelion & Nik Sabharwal
Oxford University Hospitals

This course is aimed at cardiology and radiology trainees requiring core (level 1) training in nuclear cardiology. Essential technical aspects will be covered, but there will be a heavy emphasis on case-based learning.

The programme will cover:

- Radiopharmaceuticals and cardiac stress for MPS
- SPECT acquisition, processing and display
- How to report MPS
- Indications for MPS in 2020
- MPS cases:
 - Diagnosis and prognosis
 - Known CAD
 - Perils and pitfalls
 - Heart failure
- Nuclear cardiology beyond MPS
