| 5.          | <p><i>In the absence of JT AD presented the financial report</i></p> <ul style="list-style-type: none"> <li>• 2024 surplus: Income and expenditure figures were reviewed against 2025. Comparisons are affected by the timing of annual meeting expenditure, with the 2024 Sheffield meeting costs included. 2025 surplus: Cash increased by approximately £50,000, supported by membership, accreditation and sponsorship income, alongside careful expenditure management.</li> <li>• Net assets: 31 December 2025, net assets stood at just under £153,000, indicating a strong financial position.</li> <li>• 2026 year to date: The surplus was just under £47,000 for January–May 2026, with the overall increase reaching approximately £75,000 by 30 September 2026.</li> <li>• Key income sources: Membership fees, delegate income, accreditation and sponsorship continue to make significant contributions to the Society's finances.</li> </ul> |

| Agenda Item | <b>Received Questions from BSCI Members</b>                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 6.          | <p>"My question is to ask that the society again consider organising a tripartite joint meeting in the UK with the BSCMR and BNCS (as was successful in Edinburgh) to help draw the societies together and align the aims of UK cardiovascular imagers. Thanks" from Professor Giles Roditi</p> <p>AD advised BSCI members that the suggestion had been noted as a possible future option and could be explored further, subject to practical, logistical and cost considerations.</p> |
